

# Instructions: Polypropylene Camper Cover

**Note:** Only for use on pickup campers stored off the truck.

## **⚠️WARNING!**

Installation is best done with two people. Never install on a windy day or when the roof is slippery. Please take care when you are on a ladder or the roof. If you go on your camper's roof, be careful to stay toward the back half—if you go out too far to the front your camper could tip forward.

## **CAUTION**

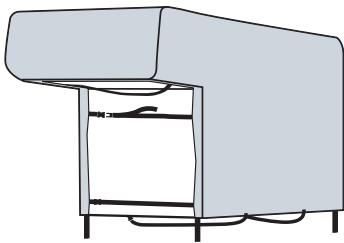

**This cover is not recommended to be used on RVs with rubber roofs or rubber roof applications. Please consult your RV owners manual.**

## **Tools Needed:**

Scissors  
Matches or lighter (optional)  
Screwdriver (usually Phillips head) for roof antennas.

## **Installation**

1. Cover any sharp edges with duct tape or a sponge and put roof antennas in the down position (they adjust with a screwdriver). If you go on your camper's roof, be careful to stay toward the back half—if you go out too far to the front your camper could tip forward.

2. Drape your Camper Cover over your pickup camper. The zippered panel goes at the back.

3. Buckle the strap together behind the back zippered panel then zip the panel closed.

4. Pull the elasticized hems down over the front overhang and in the back.

5. Buckle the three front straps together (see illustration).

6. Pull the two bottom straps under the camper and snap into the buckles on the opposite side (see illustration).

7. Adjust all the straps for a snug fit. The back panel can be unzipped so that you can access the door to your camper. You can keep the back panel open by rolling it up and snapping the two short straps at the right over the rolled fabric

## **Use and Storage**

A handy storage bag is provided. To fit your cover in the bag fold and roll it tightly rather than stuffing it. Never store a wet cover in the storage bag or confined area as the cover can be damaged by mildew.

## **Care**

Clean your Camper Cover with a hose or with a soft rag. Do not use soap as it could damage the protective coatings on the fabric.

## **Two Year Limited Warranty**

This Camper Cover is factory warranted for workmanship and materials for a full two years after your purchase.

This cover is for use only on pickup campers that are being stored off the truck. Driving your camper with your Camper Cover on it will invalidate this warranty. Trailering or towing your camper with your Folding Camping Trailer Cover on will invalidate the warranty.

**Using this cover on RVs with rubber roofs or rubber roof applications will invalidate the warranty.**

This warranty gives you specific rights and you may also have other rights which vary from state to state.
