

THE PENDULATOR INSTRUCTION AND ASSEMBLY SHEET

CONTENTS

Cup Holder	-	Fig 1
Reversible Clamp	-	Fig 2
Straight Bracket	-	Fig 3
L - Bracket	-	Fig 4,5

ENCLOSED HARDWARE

Screw's	-	Fig 6
Bolts	-	Fig 7
Nuts	-	Fig 8
Bolt For Pivotal Attachment	-	Fig 9
Double Back Tape (Peel And Stick)	-	Fig 10

For best adhesion of the provided double side tape,

- 1) Begin by selecting an attachment and fasten it to the cup holder completing the assembly, be sure to securely tighten the bolt as shown in the directions.
- 2) Use alcohol to clean the surfaces of the attachment and the painted metal object.
- 3) Peel the first layer of protective paper from the double side tape then carefully adhere it to the attachment and firmly rub it.
- 4) Peel the second layer from the second side of the tape and firmly press the assembly onto the desired surface, then firmly rub the assembly.
- 4) Use a hair dryer to warm the surfaces of the assembly for about a minute and apply pressure and rub the assembly.
- 5) Allow to cure approximately twenty four hours before use.
